An Indian IT Professional Tops Forbes Global 'AI' Experts Panel

Chief Analyst of a NCR Delhi based research firm '**5Jewels Research**' of Innogress, Mr. **Sumant Parimal** has been selected and topped in '**AI** (**Artificial Intelligence**) Global Experts Panel of reputed **Forbes** magazine.

In two months long on-line run experts' panel on '**AI**', in which reputed experts of IT and '**AI**' from America, Europe, Asia, Australia have participated, and moderated by New York based Frank Kovacs, ratings of Mr. **Sumant Parimal** remained highest, and declared as **Top Most 'AI' Expert** of this Panel. He has been only expert from India selected in this Global '**AI**' Experts Panel of **Forbes**.

As it is known, '**AI**' and Robotics are of special interest for World's reputed Tech. companies like IBM, Google, Microsoft, Amazon. Apart from this, developed countries of the World like America, China, Germany, Japan, are intensively focusing in this new technology for establishing their leadership.

In this scenario, emergence of an Indian thought leader in new '**AI** Technology as **Top Most Thought Leader** in a Global Platform of **Forbes** demonstrates potentials of India in leading the '**AI**' race.

Since last years, Mr. Sumant Parimal has been working for developing '**AI**' and Robotics Technology in India, under which he was instrumental in proposing a **Robotics Technology Park** at **Greater Noida**, UP and signed **MOU** (Memorandum Of Understanding) with UP Govt. for setting up Robotics Park.
